Subject: Late Communication Opposition to Adgenda Item B-1.

I am LeeAnna Westwell. My husband and I both oppose to Item B-1.
 There are plenty of drug stores in the vacinity, including one less than 2 blocks from Golden West College on Edinger (right around the corner from the proposed site of another CVS Pharmacy!!!)

1. The ground was gifted to the City of Huntington Beach for EDUCATIONAL PURPOSES.
 That is why the college sits there.

I oppose taking away educational land and giving it to private industry (a business). This is stealing, be it by the government or by a known thief. Taking something that does not belong to you is theft. Planning Commission legaleese does not rerase it being taken from the people for a business that can provide dollars to the city government in form of sales tax reveue. People can use the CVS pharmacy around the corner.

2. ***I object to changing public land Public-Semi Public (school) to proposed***

COMMERCIAL - GENERAL. NO. Please do not do this to our city, to our educational system - to the only higher education institution in Huntington Beach.
